By breaking macaroni or spaghetti into a wire sieve and then immersing this into a saucepan of boiling water the food may be cooked just as thoroughly and with far less trouble. The sieve need only be lifted out when food is done and the water drained off. The necessity of using the colander thus is avoided and the food does not stick to saucepan, thereby preventing scorching.

RESOURCES OVER ONE MILLION DOLLARS

Catalina Mecca For Vacationers Over Weekends

Famous Resort Attracts Large Crowds This Summer

AVALON, May 26.—Business for Catalina this spring and summer is booming and the largest number of parties ever recorded are scheduled to go to the island during June, July and August, which proves the fast-growing popularity of this famous vacation land.

Secretaries Convene

The Commercial Club Secretaries and their families held their annual convention at Catalina again this year, May 23 and 24, besides numerous other parties and conventions for the one-day trip, numbering between 50 and 300 persons in each party, booked for various dates during the remainder of May.

The first week in June will be heavy with the influx of Shriners and their families, most of whom are spending a day or more at the Magic Isle.

On Sunday, June 7, the Knights of Columbus have planned a big outing at Catalina, anticipating an attendance of 3000 or more members. On Sunday, June 14, United Commercial Travelers to the number of 2000 are booked. Going over Saturday, June 20, is the American Legion pilgrimage, approximately 1500 members. They will remain over night, returning to the mainland Sunday, June 21.

Change Schedule

In addition to the larger parties, there are many others which have been slated for the trip during the months of June, July, August and September. A number of these gatherings have been going to the island each year for several seasons.

Effective Monday, June 1, the Catalina steamer will leave the island on the return at 4 p. m. daily instead of 3:45 p. m., as heretofore, arriving at the harbor at 6 p. m., in Los Angeles at 7 p. m.

The regular afternoon boat to the island will start on Saturday, June 20, for the summer season, sailing at 4 p. m. from Wilmington. Pacific Electric boat trains will connect with this sailing will leave Sixth and Main, Los Angeles, at 3 p. m.

Mrs. Frank Wiggins of 2107 Andro Avenue left today for Montreal, Quebec, where she will visit for a time before sailing for Paris. Mrs. Wiggins will return to Torrance in the autumn.

Ely's have some fascinating Cretonnes for coats and dresses. Fine for beach or street wear.—Adv.

[Contributions to this column are welcome, subject to the following conditions and rules: Letters should be plainly written on one side of the paper. The Editor reserves the usual right of editing. Letters on matters of religious controversy, personal attacks, or containing libelous material, will not be published. Letters in this department do not necessarily reflect the opinion of this paper. Short contributions are better than long ones. Keep contributions within 400 words.—Editor.]

THOSE IMPROVEMENTS

Dear Editor:

Your observations on "Memorial Day and what it should mean to us" were truly fine and I wish I knew every one in our town read it and it was broadcasted so all the world could hear it. Many places I have seen it made a day of frolic and games, while a few decorated MORE the graves of their own families than those of the soldiers in whose memory it was set apart. Can we not stop and begin observing it right?

Now a few words about town improvements. I think we can wait awhile. Many are without employment now and some are holding their homes by the hardest effort. If taxes are raised some homes must be sacrificed. Many will be much discouraged. Those who do not own property to say "Sure, we must have more and better lights, playgrounds, etc."—but they do not pay the tax. Those who do own pay but are out of debt do not feel the added burden. The lights we may need and vote for later on, but the playground?

I have talked with some thoughtful parents and they say "No, we don't want it." Their children are too much away from home and parental care now. How do you know, when they start for the playground, they are going to go there; or, if they do, what will they be doing there? The police send the children home to bed now and with more playgrounds we would need more police to supervise their waking hours. Can't we get back to the old home life where the children learned house-keeping and home-building from Mother and Father, getting healthy exercise, while they are lifting some of the burden from careworn shoulders and the family came to really know each other? Running a lawnmower, pulling a hose about digging, planting and weeding flowers and vegetables, are fine for health and strength, and the joy of bringing beauty and something really worth while into

life is better than mere sport. Parents can then see to it that their children are using clean, positive language while they work and play.

A. READER.

Mrs. Mary Knapton left Sunday morning for London, Ont., where she formerly resided. She came here in October, 1922, with her husband, William Knapton, to live with her daughter, Mrs. Percy Lewis, of 1823 Annapola Avenue. Mr. Knapton passed away in May, 1923. This is his widow's first visit to her old home town. She takes with her the good wishes of a host of friends which she has made while living here, who wish her a pleasant trip, a nice visit with her old friends, and a safe return in the autumn.

Have some fresh peach shortcake after the dance. Hughey G. Meyers' American Fountain Lunch, Carson St., Torrance.—Adv.
